Combined DOPs FY2018 v2.pdf

Scott, per our chat about next steps for Alexis’ request that we review the Region’s FY18 plans against the OP memo, attached is the final compilation that Doug L. prepared.

This is what Fatima and I will be looking through for EJ commitments relevant to items 1 – 8 in the memo. As I recall, you were successful in building in some community focused language in to the LAND Div DOP.

Let’s make a plan to check in next week to prep for a meeting with Alexis on this.
